We grow using organic practices, and are pesticide-free. (However we are not yet certified organic). We are pleased this year to offer Vegetable *and* Flower CSA programs. The CSA model asks families to pre-pay the farmer at the start of the growing season so we'll know how much seed to buy and how much food to bring to market each week. **This year we are launching our choose-your-bag program, where customers can customize certain parts of their CSA share. A customization list will be emailed to you weekly to make your family's selections. (Unique to our CSA, we will be including fruit most weeks this summer!)**

Our Baltimore pickup will be Thursdays 5:00-6:30 PM at:

Roland Park Community Center

5802 Roland Ave

Baltimore, MD 21210
